

Neurodiversity-Informed EFT-Y: Clinical Practice Adaptations for Autistic and ADHD Youth

Dr. Rachel Moline, C.Psych

Boost your confidence in working with Autistic and ADHD clients in this 3-hour virtual intensive workshop.

Learn neurodiversity-informed strategies, sensory and somatic adjustments, and ways to build empowering, affirming therapeutic relationships—so your sessions are accessible, validating, and effective.

This is a Mini Workshop and counts towards isEFT registration.

Friday, June 5 2026
16:00–19:00 (CET)
10am–1pm (EST)

ONLINE VIA ZOOM

Cost: \$99 per person
